For the Clean, Snowy Sparkling Bathroom

These New Housewares

More and more good housewives are coming to recognize the supreme importance of sound and sanitary bathroom furnishings, such good and well made things as give no chance whatever for the hiding of dirt or bacteria in crevices; also such as are proof against rust, discoloration, cracking and breaking down under any ordinary usage.

To have such good bathroom furnishings, it is necessary to have first and best quality; to have all metal things made of brass and plated with nickel; to have all joints rounded out in curves and thoroughly sealed, to have no sharp corners, and, perhaps the most important of all, to have no enamel work of the kind that will "checkcrack" or discolor.

On the basement floor are hundreds of the finest quality bathroom furnishings at lowest prices.

Spring Fashion Notes

Peplums—Many of the smartest garments have the ripple Peplum, which may extend a few inches below the waist or a well over the hips. In some instances, the peplum is only in the back or over the hips.

Pockets—Pockets are much in use for ornamental purposes and assume a great variety of shapes and sizes. Often they appear both on the jacket and the skirt of suits and on the waist and skirt of dresses.

Dress Bodices—To the greater curve in the outline and the narrow shoulderlines above mentioned exception is made in the Russian styles and in a few "period" dresses which call for more softness in the fronts. The smartest bodices have many seams in the back. A few open in the center or side back.

Separate Waists—Bright colors and sheer fabrics, together with the combination of materials and of colors, are important notes. Frills are in strong favor. There are many sport waists in novel styles and also separate waists in Russian blouse effect.

Four Kinds of Hose Supporters

Velvet grip having the famous rubber tip that makes them easy on the stockings, are 15c, 18c, 20c and 25c a pair.

Women's New Spring Suits

Are crowding the Crystal Cases and we would like to have crowds of women come to see them.

Notable in the assemblage are the little short jacket suits with the ripply lines, much fuller skirts and short; in Poirer Twil Gabardine, in the Rookie shades.

Many sample suits among these. Some are fine new colors, very desirable styles and also varied enough to insure variety of taste.

Prices \$14.50 to \$55.00.

Corsets For Spring Must Have Certain Lines

Redfern Front Lacing Models \$3 to \$6. Plain coutelle and Brocade.

Redfern back figure model for the tall stout figure, \$6.

The new corset seems particularly suited to the new silhouette and many are selecting them for the spring gown.

The general favorite is a soft brocade style, with medium bust and long hips. It is for medium figures and is especially nice for the price. Warner's Rust Proof, \$3.00.

A Good Time to Buy Furs

"I am not buying these furs particularly for this winter; I wanted to take advantage of the 25 per cent discount," said a young lady yesterday, who had just made a selection of a \$125.00 set of black lynx that cost her \$93.50.

While prices are so much lower than they will be for fully another year, some far-sighted people are making the most of their opportunity.

There is plenty of Black Fox, Black Lynx and American Mink still remaining. A little Skunk, natural and gray Raccoon, Hudson Seal, etc.

A Pleasant Surprise.

The following persons were present at a surprise birthday party at the home of Mr. and Mrs. F. W. Cunningham on Cunningham run, recently, in honor of Mr. Cunningham's seventy-third birthday: E. M. Hess, W. A. Rush, Charles Richardson, Frank Sturm, Sylvester Harbert, Brother Haggerty, James T. Coffman, C. M. Cunningham, Mrs. Glen Sturm, W. D. Cunningham, wife and children.

To say the least it was a surprise, and a very complete surprise. It did not occur to Mr. Cunningham that there was anything on hand until most of the guests had arrived.

The hour just preceding the feast was spent in discussing scientific farming, fruit growing, and so forth. At 12:30 the dining room door was opened and Mrs. Cunningham announced that all things were ready. In less than two minutes twenty

feet were under the table. To attempt to name all the good things that were there to eat would be out of the question, for the table was loaded down with chicken, oysters, celery, soups, cakes, peaches and cream and other things in keeping with the occasion.

Aid Society Meets.

An interesting meeting of the Parish Aid Society, of Christ Episcopal church, was held Friday afternoon in the parish house and plans for the February work for the society were arranged and completed.

To Discuss Paper.

"Japan" will be the country discussed at a meeting of the Miriam Chapter of the Central Presbyterian church, which will be held at 7:30 o'clock Friday evening in the home of Mrs. Mortimer W. Smith on West Main street, and all who attend are urged to bring items of interest pertaining to Japan to add to the interest and instruction of the study of that country.

Juniors Meet.

The Junior Missionary Society of St. Paul's Methodist Episcopal church, South, held its February meeting in the Sunday school rooms Friday afternoon and quite a number of members were in attendance.

Brilliant Recital.

One of the most brilliant artists' recitals ever given under the auspices of the Marcato Music Club was held Thursday evening in the auditorium of the Masonic temple when Frederick Morley, the young Australian pianist, appeared with Charles C. Washburn, baritone.

Mr. Morley is a pianist of brilliance and power, and these important qualities were displayed in a highly satisfactory manner. He captured the hearers with the first tones of the opening number of the program, "Bourne Gavotte," by Back-Saint Saens, until the closing of his brilliant selections. The quiet dignity of his manner is quite in keeping with the noble style of his interpretations. The velvet touch of his technically perfect performances will long be remembered

by the appreciative music loving audience who heard this gifted musician Thursday evening.

The strongest impression was made by the twelve études of Chopin, Opus 25, beside other words of Mendelssohn, Liszt, Beethoven, Rameau, Gluck and Leschetizky.

Mr. Washburn, baritone, was in splendid voice and his singing showed the thorough artist. His songs were given a beautiful interpretation and the smoothness and richness of his voice were particularly noticeable in "Mammy's Lullaby" by Homer and "Exhortation" by Cook.

Mr. Washburn has achieved a national reputation by his beautiful interpretation of child songs. His depth of feeling and exquisite interpretation given to the simplest numbers is always sure to strike a sympathetic and responsive chord. The most effective number was "Uncle Rome." When he finished this there was many a moist eyelash and many a quivering lip among the charmed audience who seemed spellbound by his sympathetic and responsive chords of melody and song.

The Marcato Club is, indeed, to be congratulated on its selection of two such eminent artists. The splendid grand piano sent by the Steiff Piano Company was received with admiration and appreciation by Mr. Morley and Mr. Washburn.

OF INTEREST TO WOMEN

What Salt Will Do.

Whatever else you neglect, do not let the salt get low, for there is nothing so important in the kitchen. There are 101 uses for salt that doubtless every housewife knows about; but there are at least fifty difficulties she could ride over smoothly by sprinkling over a little salt.

A little salt sprinkled in the frying

pan before placing fish to fry will prevent it from sticking to the pan.

When boiling a cracked egg a teaspoon of salt in the water will prevent the contents from boiling out.

To remove insects from green vegetables, wash in salt water, but do not let them soak in it.

To crack nuts and leave nut meats whole, soak the nuts in salt water over night.

In case of fire, throw on dry salt or salt and water.

Stains on marble can be removed with it. Apply with a damp cloth.

Also, ink stains on carpet. Cover at once with salt and repeat until salt no longer changes color. To freshen carpets, sprinkle salt over before sweeping.

Cakes can be prevented from burning by sprinkling salt in the bottom of the oven.

Colored goods can be set by soaking in salt water before washing.
